

GOVSEC is THE government security conference and exposition, and the ONLY event facilitating cooperation between federal, state and local governments.

Plan now to attend the 2nd Annual GOVSEC. The 2 ½ day conference is created FOR the government, BY the government, with dozens of agencies providing programming content for 64 sessions across 8 tracks: **Intelligence and Counterintelligence**; Physical Security Management; Physical Security Technology & Applications; Information Security Management; Information Security Technology & Applications; Weapons of Mass Destruction; Disaster Preparedness & Response; and, the OPSEC track.

Intelligence and Counterintelligence sessions will focus on Economic Espionage, Impersonation, Information Sharing, Personnel Issues, Social Engineering and other high-priority issues facing the government.

The FREE expo features the latest products and services from more than 200 vendors.

Call today for more information and to register for this powerful event, 800-687-7469 ext. 244, or e-mail govsec@ntpshow.com.
